WHAT WE OFFER

MANAGED SERVICES

What's on your mind? Whether you have a series of actions to complete within your business plan, need to fill a gap, or wish to bring on a trusted partner for all your HR or Change Management requirements, our Managed Services can address these needs. The following is just a sampling of the many solutions we support our clients with:

- Integrated full HR support: We become your HR department
- Function or role specific: We manage a function of HR or specific tasks to support your team in place

PROJECT MANAGEMENT OFFICE

Whether it is to increase your PMO maturity or support a specific project, our PMO services will ensure strategy execution goals stay on track.

STRATEGIC ALLIANCE & PARTNERSHIP THAT MAXIMIZES AGILITY & VALUE

What sets IPMHR Inc. apart from our competition is the unique blend of expertise & 20+years experience across multiple industries. We have deep expertise in human resources, change management, project management, strategic planning, organization design, business process optimization and analytics. This positions us to develop well-integrated and strategically aligned solutions. We understand that every organization

is a unique ecosystem of interrelated parts requiring proper balancing and alignment between all components (people/process/technology) to be at its best! We know how to make sure the people solutions are designed and sequenced properly with process, structure and technology changes. We also know how to calibrate the impacted human resources systems so that changes are sustainable.
